

guarantee any title, Applicant argues that the proposed activities are not the equivalent of title insurance.

In order to approve the proposal, the Board must determine that the proposed activities "can reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." 12 U.S.C. 1843(c)(8).

Applicant believes that the proposed activities would produce public benefits that outweigh any potential adverse effects. These public benefits include more accurate and faster preparation of abstracts and lower costs. In addition, Applicant indicates that the proposed activities would not result in adverse effects such as an undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices.

In publishing the proposal for comment, the Board does not take a position on issues raised by the proposal. Notice of the proposal is published solely in order to seek the views of interested persons on the issues presented by the notice, and does not represent a determination by the Board that the proposal meets or is likely to meet the standards of the BHC Act.

Any comments or requests for hearing should be submitted in writing and received by William W. Wiles, Secretary, Board of Governors of the Federal Reserve System, Washington, DC 20551, not later than June 13, 1995. Any request for a hearing on this proposal must, as required by section 262.3(e) of the Board's Rules of Procedure (12 CFR 262.3(e)), be accompanied by a statement of the reasons why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal. The notice may be inspected at the offices of the Board of Governors, the Federal Reserve Bank of Chicago.

Board of Governors of the Federal Reserve System, May 23, 1995.

Jennifer J. Johnson,

Deputy Secretary of the Board.

BILLING CODE 6210-01-F

GOVERNMENT PRINTING OFFICE

The "Federal Register" Online Via GPO Access; Public Meeting for Federal, State and Local Agencies, and Others Interested in a Demonstration of GPO Access, the Online Service Providing the "Federal Register" and Other Federal Databases

The Superintendent of Documents will hold a public meeting for Federal, state and local government agencies, and any others interested in an overview and demonstration of the Government Printing Office's online service, *GPO Access*, provided under the Government Printing Office Electronic Information Access Enhancement Act of 1993 (Public Law 103-40).

Sessions will be held at the University of Illinois at Chicago, the Chicago Illini Union, Chicago Room A, 828 South Walcott, Chicago, Illinois, on Monday, June 26, from 9 a.m. to 10:30 a.m. and 11 a.m. to 12:30 p.m. There is no charge to attend.

The online **Federal Register** Service offers access to the daily issues of the **Federal Register** by 6 a.m. on the day of publication. All notices, rules and proposed rules, Presidential documents, executed orders, separate parts, and reader aids are included in the database as ASCII text files and as Adobe Acrobat Portable Document Format (PDF) files, with graphics provided in TIFF format. The online **Federal Register** is available via the Internet or as a dial-in service. Historical data is available from January 1994 forward.

Other databases currently available online through *GPO Access* include the Congressional Record; Congressional Record Index, including the History of Bills; Congressional Bills; Public Laws; U.S. Code; and GAO Reports.

Individuals interested in attending may reserve a space by contacting John Berger, Product Manager at the GPO's Office of Electronic Information Dissemination Services, by telephone: 202-512-1525; by fax: 202-512-1262; or by Internet e-mail at john@eids05.eids.gpo.gov. Seating reservations will be accepted through Wednesday, June 21, 1995.

Michael F. DiMario,

Public Printer.

BILLING CODE 1505-02-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[Announcement 558]

Center for Agricultural Disease and Injury Research, Education, and Prevention

Introduction

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 1995 funds for a cooperative agreement program with universities or university-affiliated medical centers for the establishment of a Center for Agricultural Disease and Injury Research, Education, and Prevention. The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a PHS-led national activity to reduce morbidity and mortality and improve the quality of life. This announcement is related to the priority area of Occupational Safety and Health. (For ordering a copy of Healthy People 2000, see Section WHERE TO OBTAIN ADDITIONAL INFORMATION.)

Authority

This program is authorized under Sections 20(a) and 22(e)(7) of the Occupational Safety and Health Act of 1970 (29 U.S.C. 669 (a) and 671(e)(7)).

Smoke-Free Workplace

The PHS strongly encourages all grant recipients to provide a smoke-free workplace and promote the nonuse of all tobacco products, and Pub. L. 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care, and early childhood development services are provided to children.

Eligible Applicants

Eligible applicants include State and private universities and university-affiliated, not-for-profit medical centers within the United States (U.S.). The restriction of eligible applicants is due to the FY 1990 appropriations language which initiated this program and States that centers for agricultural occupational safety and health will be established at universities. Because of programmatic and regional differences throughout agriculture in the U.S., only one center will be established in any Department of Health and Human Services (DHHS) region. Currently, there are centers in DHHS Regions II, IV, V,

VII, VIII and IX. Region II is now providing coverage for Regions I and III, thereby leaving Regions VI and X without coverage. Migrant populations are being targeted for this intervention program because they are one of the most under-served populations among agriculture workers. Therefore, the regional emphasis for this announcement is limited to DHHS Region VI, which is a major point of entry for the migrant stream. Region VI includes the States of Arkansas, Louisiana, New Mexico, Oklahoma, and Texas.

Availability of Funds

Approximately \$500,000 will be available in FY 1995 to fund one new center. It is expected that the award will begin on or about September 30, 1995, and will be made for a 12-month budget period within a project period of up to 5 years. Funding estimates may vary and are subject to change.

Continuation awards within the project period will be made on the basis of satisfactory progress and the availability of funds.

Purpose

This cooperative agreement program will significantly strengthen the occupational public health infrastructure by integrating resources for occupational safety and health research and public health prevention programs at the State and local levels. It is designed to address the research, education, and intervention activities that are unique to agriculture in the Region. To achieve this objective, the program will establish a center for agricultural disease and injury research, education, and prevention. The program objectives are as follows:

1. Develop and conduct research related to the prevention of occupational disease and injury of agricultural workers and their families, with emphasis on migrant/seasonal workers, women and children, and ranchers.

2. Develop and implement model educational, outreach, and intervention programs promoting agricultural health and safety for agricultural workers and their families, including bilingual materials and multi-media presentations.

3. Develop and implement model programs for the prevention of illness and injury among agricultural workers and their families.

4. Develop and implement a pilot sentinel-event surveillance program within the Region through public health nurses.

5. Evaluate agricultural injury and disease prevention and educational materials and programs implemented by the Center.

6. Provide consultation and/or training to researchers, health and safety professionals, graduate/professional students, and agricultural extension agents and others in a position to improve the health and safety of agricultural workers.

Program Requirements

In conducting activities to achieve the purpose of this program, the recipient will be responsible for conducting activities under A. (Recipient Activities) below, and CDC/NIOSH will be responsible for conducting activities under B. (CDC/NIOSH Activities) below:

A. Recipient Activities

1. Develop and conduct applied research related to the prevention of occupational disease and injury in agricultural workers and their families, with emphasis on migrant/seasonal workers, women and children, and ranchers.

2. Develop and conduct education, training, outreach and intervention programs promoting agricultural health and safety. Target audiences should include agricultural workers and their families, extension/outreach personnel, and personnel in graduate/professional education programs that are specializing in agricultural health. The program should include bilingual materials and multi-media presentations.

3. Develop and implement a pilot program for a sentinel-event surveillance program within the Region through public health nurses.

4. Develop a research protocol(s) for the center for agricultural disease and injury research, education, and prevention. Obtain peer review of the protocol and revise and finalize it as required for final approval by CDC/NIOSH.

5. Where appropriate, collaborate with NIOSH and other CDC scientists on complementary research areas.

6. Assist in reporting and disseminating research results and relevant health and safety education and training information to appropriate Federal, State, and local agencies, health care providers, the scientific community, agricultural workers and their families, management and union or other worker representatives, and other CDC/NIOSH centers for agricultural disease and injury research, education, and prevention.

7. Develop and utilize an evaluation scheme for research, education/training, and outreach/intervention activities.

B. CDC/NIOSH Activities

1. Provide technical assistance through site visits and correspondence in the areas of program development, implementation, maintenance, and priority setting related to the cooperative agreement.

2. Provide scientific collaboration where needed.

3. Assist in the reporting and dissemination of research results and relevant health and safety education and training information to appropriate Federal, State, and local agencies, health-care providers, the scientific community, agricultural workers and their families, management and union representatives, and other CDC/NIOSH centers for agricultural disease and injury research, education, and prevention.

Evaluation Criteria

Applications will be reviewed and evaluated according to the following criteria:

1. Responsiveness to the objectives of the cooperative agreement program, including the applicant's understanding of the objectives of the proposed cooperative agreement and the relevance of the proposal to the objectives. (20%)

2. Feasibility of meeting the proposed goals of the cooperative agreement program including the proposed schedule for initiating and accomplishing each of the activities of the cooperative agreement and the proposed method for evaluating the accomplishments. (20%)

3. Strength of the program design in addressing the distinct characteristics, specific populations, and needs in agricultural research and education for the region. (20%)

4. Strength of the proposed program for agricultural health and safety in the areas of prevention, research, education, and multi-disciplinary approach. (10%)

5. Efficiency of resources and novelty of program. This includes the efficient use of existing and proposed personnel with assurances of a major time commitment of the Project Director to the program and the novelty of program approach. (15%)

6. Training and experience of proposed Program Director and staff, including a Program Director who is a distinguished scientist and technical expert and staff with training or experience sufficient to accomplish proposed program. (15%)

7. The extent to which the program budget is reasonable, clearly justified, and consistent with the intended use of funds. (Not Scored)

Funding Priority

The regional emphasis for this announcement is limited to DHHS Region VI. Therefore, applications will be accepted from only those States within the region: Arkansas, Louisiana, New Mexico, Oklahoma, and Texas.

Interested persons are invited to comment on the proposed funding priority. Comments received within 30 days after publication in the **Federal Register** will be considered before the final funding priority is established. If the funding priority should change as a result of any comments received, a revised announcement will be published in the **Federal Register**, and revised applications will be accepted prior to final selection of awards.

Written comments should be addressed to Henry S. Cassell, III, Grants Management Officer, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), 255 East Paces Ferry Road, NE., Room 300, Mailstop E-13, Atlanta, GA 30305.

Executive Order 12372 Review

Applications are subject to Intergovernmental Review of Federal Programs as governed by Executive Order (E.O.) 12372. E.O. 12372 sets up a system for State and local government review of proposed Federal assistance applications. Applicants should contact their State Single Point of Contact (SPOC) as early as possible to alert them to the prospective applications and receive any necessary instructions on the State process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC for each affected State. A current list of SPOCs is included in the application kit.

If SPOCs have any State process recommendations on applications submitted to CDC, they should send them to Henry S. Cassell, III, Grants Management Officer, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), 255 East Paces Ferry Road, NE., Atlanta, GA 30305, no later than 60 days after the application deadline date. The Program Announcement Number and Program Title should be referenced on the document. The granting agency does not guarantee to "accommodate or explain" State process recommendations it receives after that date.

Public Health System Reporting Requirements

This program is not subject to the Public Health System Reporting Requirements.

Catalog of Federal Domestic Assistance Number

The Catalog of Federal Domestic Assistance Number for this program is 93.262.

Other Requirements

Paperwork Reduction Act

Projects funded through the cooperative agreement mechanism of this program involving the collection of information from 10 or more individuals will be subject to review and approval by the Office of Management and Budget (OMB) under the Paperwork Reduction Act.

Human Subjects

If the proposed project involves research on human subjects, the applicant must comply with the DHHS Regulations, 45 CFR part 46, regarding the protection of human subjects. Assurance must be provided to demonstrate the project will be subject to initial and continuing review by an appropriate institutional review committee. The applicant will be responsible for providing assurance in accordance with the appropriate guidelines and form provided in the application kit.

Application Submission and Deadline

The original and two copies of the application PHS Form 5161-1 (Revised 7/92, OMB Number 0937-0189) must be submitted to Henry S. Cassell, III, Grants Management Officer, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), Mailstop E-13, 255 East Paces Ferry Road, NE., Room 300, Atlanta, GA 30305, on or before June 30, 1995.

1. Deadline: Applications will be considered as meeting the deadline if they are either:

(a) Received on or before the deadline date, or

(b) Sent on or before the deadline date and received in time for submission to the independent review group. Applicants must request a legibly dated U.S. Postal Service postmark or obtain a legibly dated receipt from a commercial carrier or the U.S. Postal Service. Private metered postmarks shall not be acceptable as proof of timely mailings.

2. Late Applications: Applications which do not meet the criteria in 1.(a) or 1.(b) above are considered late applications. Late applications will not be considered in the current competition and will be returned to the applicant.

Where To Obtain Additional Information

To receive additional written information call (404) 332-4561. You will be asked to leave your name, address, and telephone number and will need to refer to Announcement 558. You will receive a complete program description, information on application procedures, and application forms.

If you have questions after reviewing the contents of all the documents, business management technical assistance may be obtained from Oppie Byrd, Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), 255 East Paces Ferry Road, NE., Room 300, Mailstop E-13, Atlanta, GA 30305, telephone (404) 842-6546.

Programmatic technical assistance may be obtained from Dr. Stephen A. Olenchock, Division of Respiratory Disease Studies, National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention (CDC), 1095 Willowdale Road, Morgantown, WVA 26505-2888, telephone (304) 285-5847.

Please refer to announcement 558 when requesting information and submitting an application.

Potential applicants may obtain a copy of Healthy People 2000 (Full Report, Stock No. 017-001-00474-0) or Healthy People 2000 (Summary Report, Stock No. 017-001-00473-1) through the Superintendent of Documents, Government Printing Office, Washington, DC 20402-9325, telephone (202) 512-1800.

Dated: May 23, 1995.

Diane D. Porter

Acting Director, National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention (CDC).
